

AC2401

The Eurom AC2401 is, with its modest capacity of 2400 BTU, well suited for the more compact caravans. This split-unit airconditioner can comfortably cool a room up to 16 m³. The build-in timer can be set from 0.5 to 7.5 hours, the temperature can be read on the display. Thanks to the modern look the AC2401 fits well in any caravan. The AC2401 has a pre-mounted distance holder and an improved pipe inserter, making this caravan air conditioner easy to install.

Product number	380019
EAN	8713415380019
Suitable for space	at the camping
Powered by	electric
Cooling capacity	2400 BTU, 696 W
Power consumption	375 W
Power selection	4
Connection voltage	220-240/50 V/Hz
Air displacement	200-300 m ³ /h
Dehumidifying capacity	20 l/24h
Range (max.)	
Thermostat	yes
Timer	0,5 - 7,5 hours
Working temperature	
Refrigerant	R134A
