Denne licens er nordisk og gælder i samtlige nordiske lande.

Miljømærkningsorganisationen giver hermed ovennævnte licensindehaver ret til at anvende det nordiske miljømærke i henhold til licensens omfang på eller i forbindelse med produkter, som opfylder kravene i relevante miljømærkningskriterier eller i forbindelse med markedsføring af produkter. For at anvende miljømærket i et andet nordisk land kræves ingen registrering. Omsætningen for ovenfor berørte produkter skal en gang om året efter anmodning rapporteres til miljømærkningsorganisationen senest den 1. april. Omsætningen skal være opdelt pr. nordisk land.

Miljømærkningsorganisationen påtager sig at informere berørte licensindehavere, hvis noget i kriteriedokumentet ændres.

Licensen tilbagekaldes med umiddelbar virkning, hvis "Regler for miljømærkning af nordiske produkter" eller miljømærkningskriterierne for produktgruppen tilsidesættes. Hvis licensindehaveren påfører miljømærkningsorganisationen direkte eller indirekte omkostninger som følge af dette, eller hvis der forårsages skade af produkt fremstillet/solgt af licensindehaveren, skal licensindehaveren holde miljømærkningsorganisationen helt skadesløs. Miljømærkningslicensen gælder til ovenfor angivet dato, hvis den ikke fra licensindehaverens eller miljømærkningsorganisationens side opsiges mindst tre måneder i forvejen. Licensen må ikke overdrages, uden at Ansøgning om overdragelse gennemføres.
